Friday 10th to Thursday 30th July Adventures in Art and Life

An exhibition of recent work by Dale Topsom M.A.

This show of pictures has been created mainly over the last year, supported by some work from the past fifty years! Having recently retired from teaching Art at Malmesbury School, after 35 years, these images have been produced in response to local rambles, pursuing both nature and the art process. The main inspirations have been of landscapes, with a few depictions of people and abstractions. A multitude of techniques have been explored for you to enjoy.

Wildflower Paradise

An exhibition of paintings by Valentyna Nenova

Wildflower Paradise reflects my deep love for the beauty and freedom of wildflowers. To me, they symbolize nature at its purest—delicate, vibrant, and full of life. Every flower has its own character and story, inspiring me to capture its fleeting beauty on canvas. I especially enjoy creating large-scale oil paintings, as they allow me to fully express the richness, colour, and energy of wildflower meadows. Through my work, I hope to invite viewers into a peaceful world where they can pause, reconnect with nature, and experience the joy and serenity that wildflowers bring.
