

Malmesbury Town Council

Full Council 17.12.19

Report 3. Community Climate Action Day.

Purpose of the report

To seek the committee's approval to allocate a budget of up to £150.00 to support a community climate action day.

Background

We have adopted a climate and environmental protection policy and through the policy undertaken to engage with, encourage and support our community to take action on the climate crisis. We have been talking to a group of citizens who are activists who want to engage with other residents (and organisations) to explore what action they and we can take on environmental issues.

On January 11th 2020 The P&R Environmental and Climate Protection Sub Committee would like to support this group of people to host a community event in the Town Hall. We would like to book the rooms free of charge and support the group with costs for printing posters etc.

Proposal

1. That we agree the hire for free and recognise the Town Council's support for this community engagement event.
2. That we allocate a budget of up to £150 for the printing of posters/fliers to advertise the event.

Cllr Fran Vandelli
