

**Malmesbury Town Council**  
**Town Hall and Facilities Committee meeting 11.9.19**  
**Report No.4**

**Installation of Chains along the Town Hall wall , Market Lane**

- i. There has been a request from both Jackdaws and a parishioner representing the cycling fraternity, for some kind of facility to secure bicycles when visiting the Town Hall. They have argued it would enable visitor to use the café without concern for the security of their bicycles; some of which can be of high value.
- ii. Through discussion with these parties and the Town Clerk, it was considered the idea of running a chain along the Market Lane wall might suffice. Bicycles could be chained propped along the wall. It would not protrude in the way a bike rack would, and would be relatively low cost to fix.
- iii. Wiltshire Council Highways have confirmed that this arrangement would be acceptable, so long as it did not cause an obstruction.
- iv. Wiltshire Council Planning have confirmed that Listed Building Consent (LBC) would be required.
- v. The cost be;
  1. Materials      £250
  2. LBC              £70
  - Total cost        £320
- vi. The Committee are asked to consider the matter and instruct the Town Clerk accordingly.

Richard Spencer- Williams – Town Clerk
